

To Whom It May Concern,

I am pleased to write this letter of recommendation for Foresight Money Matters Tax & Bookkeeping and its founder, Harleen Dhillon, CPA. Our organization, Madrona School Society, has had the pleasure of working with Foresight Money Matters, and they have been an integral part of our day-to-day financial operations.

Harleen and her team provide bookkeeping, financial reporting, budgeting, and board presentation support, ensuring we have the financial clarity and insights needed to make informed decisions. Their ability to present financial data in a clear and strategic manner has been invaluable, especially in board meetings and long-term planning.

Beyond technical expertise, Harleen and her team have been a trusted partner in handling payroll inquiries, financial planning, and compliance matters, making finance more approachable and seamless for our team.

I highly recommend Foresight Money Matters Tax & Bookkeeping to any organization looking for a professional, knowledgeable, and dedicated financial partner. Their expertise in not-for-profit finance and their proactive, hands-on approach have significantly contributed to our financial health and operational success.

Please feel free to contact me for further information.

Sincerely,
